

Incredible Years Northern Ireland Co-ordination Project

NCB NI has been commissioned by the Public Health Agency (PHA) to provide strategic co-ordination for Incredible Years programmes in Northern Ireland, ensuring that greater fidelity to the original programme is achieved.

This project will support the PHA in delivering its early intervention/parenting commitments under the Delivering Social Change Programme.

Strategic co-ordination of programme delivery

- Survey existing projects and levels of implementation
- Develop NI delivery and skills database
- Carry out training needs analysis
- Implement a regional training plan

Establishment of a learning community for delivery agents

- Provide opportunities for achieving accreditation
- Provide support for incorporating reflective practice and supervision
- Hold regional networking events
- Hold skills development & showcasing events

Standardised monitoring & evaluation system

- Establish standardised monitoring and evaluation system for all delivery agents
- Collate and analyse outcome and implementation data across all delivery agents and provide feedback
- Produce an overall regional evaluation of implementation and impact
